

VHC and HHS/AC Benefit Comparison Table

If legislated, the improved MRCA will provide VEA veterans (with service-related conditions) access to the MRCA Household Services program. Currently, VEA-only veterans can only access services under the Veterans Home Care (VHC) program. The table below outlines the two programs, their eligibilities, and potential services that can be accessed.

Program	Veterans' Home Care	Household Services and Attendant Care
Program Intent	To provide practical help at home so you can continue to live independently	To provide extra support if you need help at home because of a service-related injury or condition.
